

# PROGRAMACIÓN ESTRUCTURADA

Equipo:

Soto Del Rosario Tania

Maldonado Romo Dante Gael

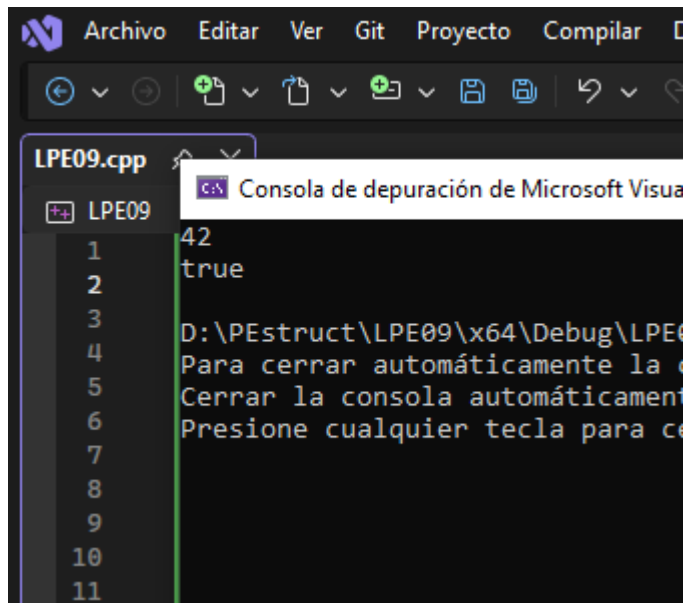

Lozada Rico Regina

```
#include <stdio.h>
```

```
void imprimir(int n) {  
    printf("%d\n", n);  
}
```

```
void imprimir(bool b) {  
    printf("%s\n", b ? "true" : "false");  
}
```

```
int main() {  
    imprimir(42);  
    imprimir(true);  
    return 0;  
}
```

The image shows a Visual Studio Code editor window with a dark theme. The menu bar at the top includes 'Archivo', 'Editar', 'Ver', 'Git', 'Proyecto', 'Compilar', and 'Depurar'. Below the menu is a toolbar with icons for opening, saving, and other file operations. The main editor area displays a file named 'LPE09.cpp' with line numbers 1 through 11. The code is as follows:

```
1 42
2 true
3
4 D:\PEstruct\LPE09\x64\Debug\LPE0
5 Para cerrar automáticamente la c
6 Cerrar la consola automáticamente
7 Presione cualquier tecla para c
8
9
10
11
```

A 'Consola de depuración de Microsoft Visual Studio' window is overlaid on the editor, showing the same text as the code in the editor.
